Managing Trustee,
Maharajah's Institute of
Medical Sciences,
Nellimerla, Vizianagaram.

To,
The Special Chief Secretary,
Health Medical & Family Welfare Department,
Government of Andhra Pradesh,
Amaravathi.

Sir,

Sub: Withdrawal from the Postgraduate counseling for Medicine / Dental
Courses in Private Unaided Non – Minority Medical and Dental Colleges in
Andhra Pradesh – Reg.

Ref: Lr. No. APPMDCMA/102/2020, Date: 25/05/2020.

Further to our letter referred to above, we the Andhra Pradesh Private
Medical and Dental Colleges Managements Association have approached you to
implement uniform fee structure to all categories of students admitted to a
program as enunciated in Apex court judgment in TMA Pai Vs State of Karnataka
(2002). We urged that 85% of all eligible Postgraduate seats should have the same
fee structure and a higher fee may be fixed for 15% NRI quota seats.

We also pleaded that the fee fixed shall be as per our books of expenditure as
audited, taking into account inflation, furtherance of education and accounts
submitted to the Income Tax department without profiteering.

However, we are dismayed to see in the GO MS No.56 of HM&FW (E1), dept,
dt:29.05.2020 that the fee structure for postgraduate students of Medical and
Dental courses is almost 40% to 60% below the fee in vogue for the past four years.

It appears that You have also not taken into the account, the expenditure
incurred on various services provided to the students, depreciation values on
equipments, infrastructure, horticulture and other maintenance cost of the
Institution. From the figures quoted in the fee structure it is seen that the total
annual fee per student does not amount to even 20% of the stipend paid to the
student in pre clinical subjects and 40% in para clinical subjects.

--2--

The Private Unaided Non – Minority Medical and Dental Colleges in the state are going through a very difficult period due to COVID pandemic. The hospitals of the private institutions are taken over by government for providing services to the Covid patients. The non covid patients are not admitted and no revenue is getting generated from the hospitals. Further in obedience of the directives of the government all the faculty both teaching and non teaching and health care workers are paid full salaries by the managements. The institutions are finding it difficult to meet both ends meet due to this unusual situation in the country.

The fee structure approved by the government vide GOMs 56 is not viable. Under the circumstances we unanimously decided to withdraw from Dr. NTR University of Health Sciences counselling process for admission to PG Medical/Dental courses in our member institutions and not admit students to PG courses for the academic year 2020-2021.

Thanking you,

Yours Sincerely,

Dr. G. Anil Kumar
Secretary,
APPMDCMA
